# Dennis Chen

San Francisco, CA | (415) 676-9556 | dennischen123@gmail.com | github.com/dennischen123 | linkedin.com/in/dennischen123/

## Tools & Skills

**Languages & Frameworks:** Javascript, React, NodeJS, Express, Python, Django, C/C++, PHP, Bash
**Management & Deployment:** Git, Github, Heroku, command line
**Database:** MongoDB | MySQL | PostgreSQL
**Methodologies:** Object Oriented Programming, Agile Software Development, Data Structure & Algorithms, Test Driven Development

## Technical Projects

**Warranty Tracker** Github April 2020
- Created a full stack warranty tracker website to store all necessary product information for a claim.
- Includes Restful APIs, image uploads, and PDF export.
- Learned to plan, design, and implement a full stack website individually.
    - **Utilized: MERN Stack(MongoDB, Express, React, NodeJS)**

**Wayfarer** Github April 2020
- Developed travel experience sharing website with provided user story and wireframes.
- Collaborated with a team of 4 to handle various sprint requirements.
    - **Utilized: MERN Stack(MongoDB, Express, React, NodeJS)**

**Budget Fusion** Github March 2020
- Build a Budgeting website to help keep track of personal budgets and expenses.
- Collaborative effort from planning, wireframing, user stories and implementation.
    - **Utilized: Python, Django, PostgreSQL**

## Experiences

**Jcpenney (San Bruno, CA)** **June 2016 - Aug 2018**
*Appliance Supervisor*
- Started a new department, staffed, and trained a full team of 10
- Improved training material and cross trained over 20 employees
- Drove sales and ranked top 3 in sales company wide for two consecutive years
- Built ongoing relationships with customers and business clients with high customer satisfaction

**Bestbuy / Pacific Sales (Colma, CA)** **Nov 2015 - June 2016**
*Appliance Sales Specialist*
- High customer satisfaction with all issues resolved and followed up
- Surpassed monthly set sales goals

## EDUCATION

**General Assembly** San Francisco, CA
- Software Engineering Immersive(12 week coding bootcamp) 01/2020 - 04/2020

**City College of San Francisco** San Francisco, CA
- Certificate in C++ Programming 08/2019 - 07/2020
- Relevant Courses
    - Data Structures & Algorithms
    - Advanced programming with C++
    - Unix/Linux Shell Scripting
    - Software Engineering

**42 Silicon Valley** Fremont
- Software Development 01/2019 - 01/2020

**San Francisco State University** San Francisco, CA
- **B.S.,** *Business Administration with a concentration in Finance* 05/2019
- **Minor,** *Information System*
